Manifest Amendment Fee - Samoa

To all of our valued customers,

Please be advised that Samoa Ports Authority (SPA) have introduced a manifest amendment fee of SAT \$250.

The fee will apply to any amendment made and submitted to SPA within 24 hours of the vessel arriving in Apia, during the port call in Apia, and at any time subsequent to departing Apia port.

Please note that Sofrana will be on-charging this SAT \$250 fee to customers should an amendment be required to be made at the request of the customer once the 24 hour period prior to vessel arrival has begun. The fee will be payable prior to the release of the goods from the port.

Please ensure that your shipping instructions are accurate so that amendments are not required to be made. Please also check carefully the shipping documents that you receive from ourselves and ensure that any amendments are requested well in advance of this 24 hour deadline.

Thank you for your assistance and understanding.
