

## Notice to Shippers

14 May 2007

### Personal Effects in Vehicles

In the past we have accepted motor vehicles for shipment on our vessels with Personal Effects inside the vehicles.

Following safety issues we have been made aware of concerning security of and the type of cargo being loaded inside these vehicles, we have had to change this policy.

**From Southern Pasifika V 177 we will no longer accept Motor Vehicles for shipment that have Personal effects and other cargo stowed inside the vehicle.**

Should you have any questions concerning this, please contact your nearest Sofrana agent, or Auckland customers service 0800 SOFRANA (763 7262).

**Sofrana Unilines Ltd**
