## Service from New Zealand to Fiji

Dear valued clients,

It is our pleasure to announce that Sofrana Unilines will be resuming a shipping service from New Zealand to Fiji. Some of you might remember that the last vessel we operated on this trade many years ago was the legendary Tui Cakau.

To resume this service as efficiently and professionally our company is looking after you on other trades, we will be offering a frequency of 18 days and a transit time of 8 days between Auckland and Suva.

The schedule integrity will be provided through the use of m/v Southern Trader, as per the attached schedule. The service will commence with the Southern Trader voyage 169, eta Auckland 09/06, eta Suva 19/06.

I take this opportunity to thank you for your ongoing support and hope we can assist you to grow your business to all the South Pacific destinations.

Yours sincerely,

Benoît Marcenac  
Managing Director
