## ***Tsunami Relief Package***

### **TO ALL VALUED SOFRANA CUSTOMERS AND SUPPLIERS:**

As everybody is well aware, the Pacific region has been rocked by a devastating earthquake and tsunami. The Island nations of Samoa, American Samoa, and the Northern Islands of the Tonga group have sustained widespread damages, and loss of life

Sofrana is arranging shipment of 3x containers free of charge to assist in the relief effort, we will also be donating the actual containers for use by local aid agencies as they work to assist the community in recovering from this devastating event.

**Hemisphere Freight** have already kindly donated their services to receive all goods and pack the containers at their premises in Avondale. Sofrana wish to sincerely thank Hemisphere Freight for this generous offer.

We invite all of our valued customers, suppliers, and friends to assist us with this aid project. Should you wish to make a donation towards this appeal by way of food, clothing, blankets, building products, medical supplies or any other items that will assist those in need, please contact us here at Sofrana, or Anne Moorby at Hemisphere Freight.

We do however ask that no items classified as Dangerous Goods as per the IMDG code are donated so that we can ensure that all goods can be dispatched quickly and safely with no compliance concerns.

We hope that you will join us in this effort.

Please call either Leah or Steve at Sofrana on 09 356 1400 or Anne at Hemisphere on 09 357 2011.
